Photomontage Weekend Workshop
Rarangi Beach : November 2010

Sally Mason FPSNZ Photographer / Photography tutor

Photomontage is the art of cutting and blending together a series of images to create a visual story – of a place, a family, an occasion such as a wedding or a birthday. It is a wonderful way to combine all those travel photos into a montage album or to create a piece of art work to hang on your wall. All that is required is the enthusiasm to try something new, the freedom of mind to change direction many times along the way and a sense of humour helps! It is a bit like creating a jigsaw puzzle, with an extra challenge. You make your own pieces – and you don't know where you're going until you get there. We work with prints – and a pair of scissors. There is no computer involvement which makes this art form available to EVERYONE. An introductory session will be arranged for newcomers prior to the weekend. **Limited to 7enrolments.**

Where : 128 Rarangi Beach Road.

When : Saturday Nov 6th / Sunday Nov 7th 9a.m. – 4.30 p.m.

Cost : $ 150 (**deposit** of $50 required with Registration form)
